ASSESSOR

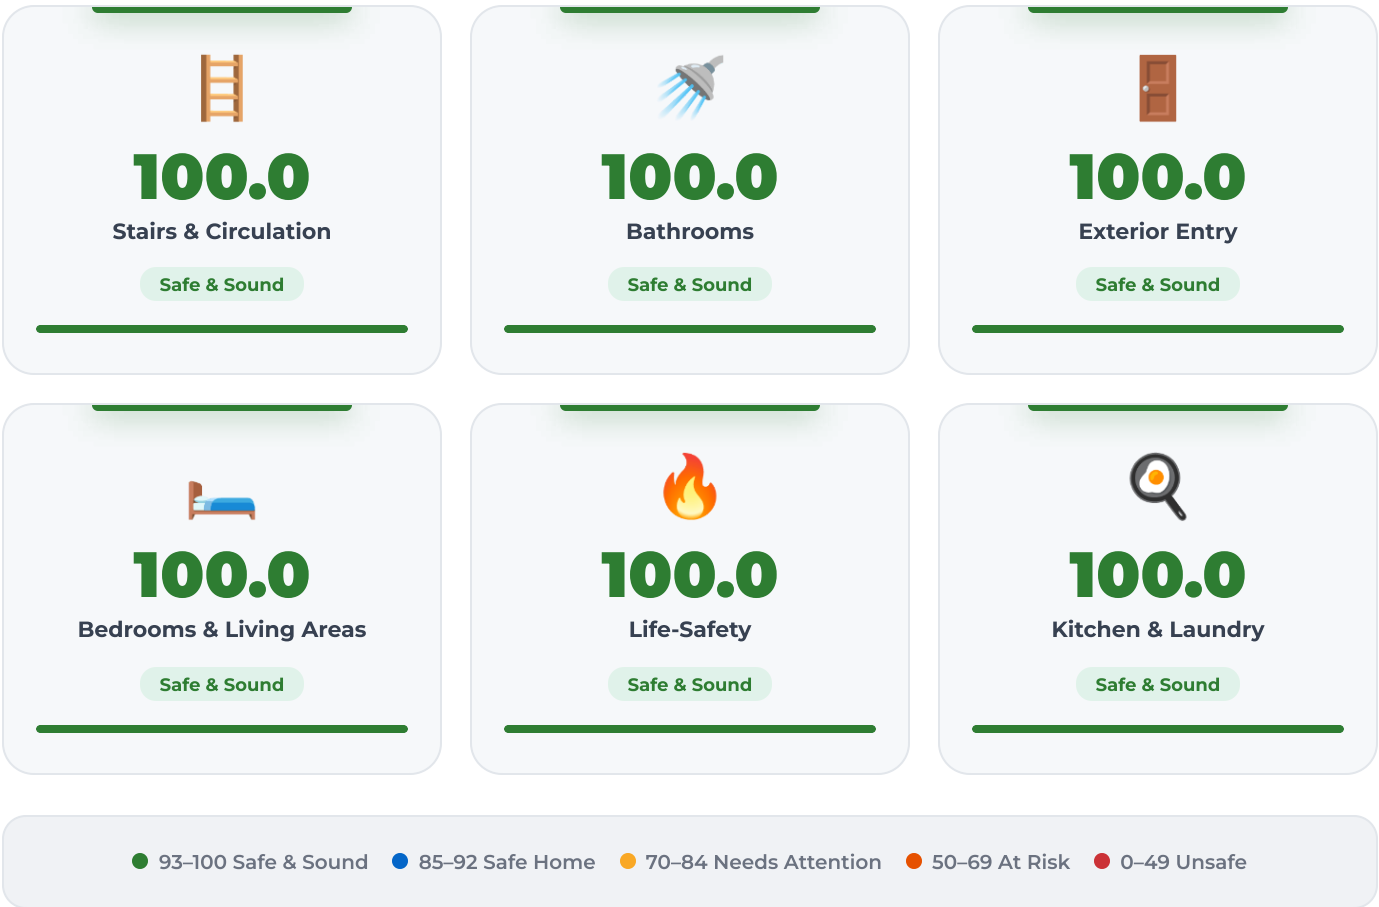

Cory Poplaski

ORG

AgeWellRI

Scores by Area

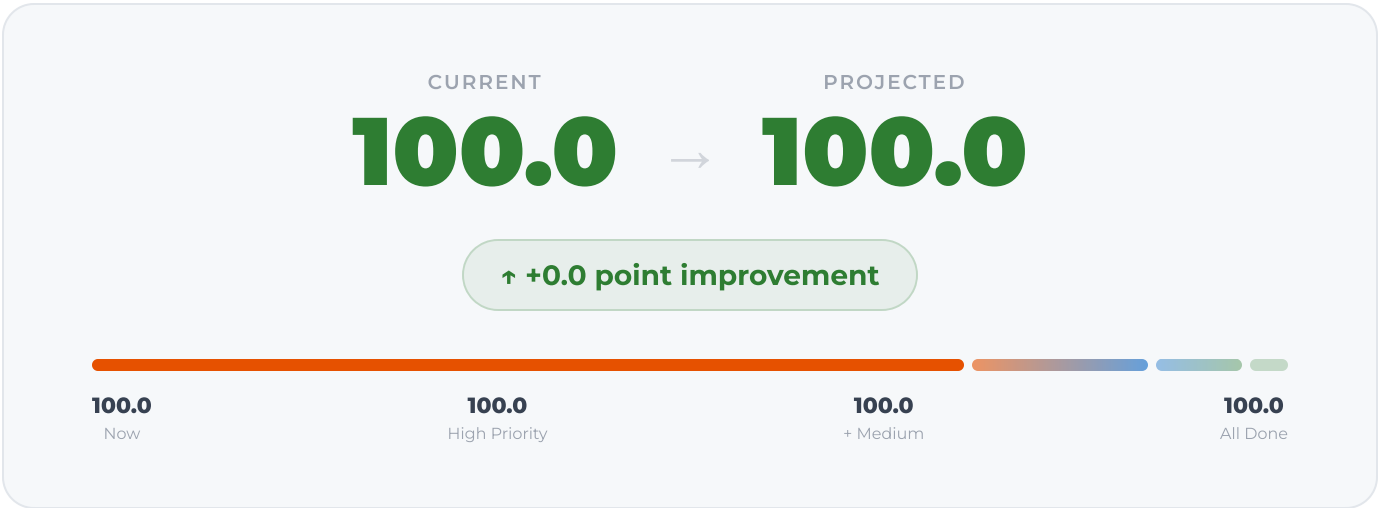

How each area of the home is performing.

RECOMMENDATIONS

Your Path to Safe & Sound

Assessor-recommended safety actions, prioritized by impact. Completing all items could raise this home's Age Safe® Home Score™ to 100.0.

OBSERVATIONS

Assessor Notes

“Excellent!”

Cory Poplaski
Age Safe Consulting

METHODOLOGY

How the Score Works

The Age Safe® Home Score™ is an evidence-informed assessment measuring home safety for aging in place.

Stairs & Circulation

Bathrooms

Exterior Entry

Bedrooms & Living

Life-Safety

Kitchen & Laundry

0-49
Unsafe

50-69
At Risk

70-84
Needs Attention

85-92
Safe Home

93-100
Safe & Sound

The Age Safe® Home Score™ evaluates six key domains, each weighted by importance and frequency of use. Individual items are classified by risk severity, and critical missing features can limit the maximum achievable score. The final score (0-100) maps to actionable rating categories that guide improvement priorities.

DETAILED FINDINGS

Full Assessment

100.0

Exterior Entry

✓ 25 ✗ 0

- ✓ Is there adequate lighting in the driveway?
- ✓ Is there adequate lighting in the garage?
- ✓ Is there adequate lighting along walkways?
- ✓ Is there adequate lighting at all doors?
- ✓ Is there adequate lighting near the trash area?
- ✓ Is there adequate lighting in any other areas of the yard used after dark?
- ✓ Is the driveway smooth and evenly paved?
- ✓ Is the transition between the driveway and surrounding surfaces smooth and even, free of ruts or other things that could cause tripping?
- ✓ Is the slope of the driveway low enough that it does not cause a problem?
- ✓ Are walkways smooth and level (no cracks, gaps, or tripping hazards)?
- ✓ Are steps along walkways clearly visible?
- ✓ Do steps along walkways have handrails?
- ✓ Are transitions between different surfaces (a patio and sidewalk, concrete and asphalt, walkway and grass, etc.) even and level?
- ✓ If there are steep walkways, do they have sturdy, easy-to-grasp handrails?

- ✓ Are shrubs, bushes and grass trimmed back or removed so they do not infringe on or obstruct the walkway (potential tripping hazard)?
- ✓ Are there adequate overhead lights in the garage?
- ✓ Is there a clear pathway to walk through the garage?
- ✓ Do entry stairs or ramps to the house have railings?
- ✓ Are ramps rising at a minimum slope of 12:1 (12 inches of ramp length for every one inch of height is standard. However, 16:1 is recommended.)
- ✓ Do ramps have sturdy rails on both sides?
- ✓ Are the rails cylindrical for easy grasping?
- ✓ Do ramps have smooth transitions between the ramp and ground surface?
- ✓ Do ramps have non-skid surfaces or strips?
- ✓ Do ramp railings extend beyond the ramp to help people transition off the ramp?
- ✓ Do ramps have at least 36 inches of width between handrails?

Stairs & Circulation

✓ 18 ✗ 0

- ✓ If people need support, are there handrails along the hall?
- ✓ Are halls free of clutter and other tripping obstacles?
- ✓ Are carpet runners tacked down or do they have anti-skid backing?
- ✓ Are thresholds less than one inch, so they are not tripping hazards?
- ✓ If necessary, are halls wide enough for a wheelchair/walker?
- ✓ Is hallway lighting adequate?
- ✓ Is there a light switch at both ends of the hallway?
- ✓ Do stairs have sturdy rails on both sides that are securely fastened?
- ✓ Do rails continue onto landings?
- ✓ Are the stair treads sturdy, not deteriorating or broken?
- ✓ Are edges of stair treads clearly visible (no dark, busy patterns)?
- ✓ Are stair pads in good repair (tacked down, in one piece)?
- ✓ (If bare wood) Are stair treads slip-resistant?
- ✓ (If carpeted) Is carpet securely attached, not worn/frayed?
- ✓ Are top and bottom steps highlighted?
- ✓ Are stairs free of clutter?

- ✓ If stairs have a low, overhanging beam that people could bump their heads on, has it been padded?
- ✓ Are stairs and landings well lit with switches at the top and bottom?

Bedrooms & Living Areas

✓ 23 · ✗ 0

- ✓ Is there a light at the room entrance?
- ✓ Is a light reachable from the bed?
- ✓ Can bureau drawers be reached (height of the drawer) and opened easily?
- ✓ Is there a clear, unobstructed path through the room (clutter and furniture are out of the way)?
- ✓ Are cords and wires off the floor?
- ✓ Do throw and area rugs have non-slip backing and no upturned corners?
- ✓ Are wood and linoleum floors non-skid?
- ✓ Is carpet smooth (no folds or holes) and tacked down?
- ✓ Are curtains and bed coverings off the floor, so they are not tripping hazards?
- ✓ Is there support for getting in and out of bed, if needed?
- ✓ Is there a place to sit and get dressed, if needed?
- ✓ Are windows easy to open and close?
- ✓ Are window blinds and shades working properly and easy to open?
- ✓ Is there a telephone within reach of the bed?
- ✓ Are any assistive walking devices (cane, walker, wheelchair) within reach of the bed?
- ✓ Is there a flashlight or some other form of non-electric lighting within reach of the bed in case of a power outage?
- ✓ Are electric blankets folded, covered by other objects or "tucked in" when in use? Is the power cord pinched or crushed by the bed, between a wall or the floor?
- ✓ Are closet shelves or clothes poles easy to reach?
- ✓ Have closet organizers been installed to maximize use of space?
- ✓ Are closets organized so clothes are easy to find? Are clutter and other tripping hazards off the floor?
- ✓ Do closets have lights that are easy to find and reach?
- ✓ Are closet doors easy to open?
- ✓ If closet has sliding doors, do they stay on track?

Kitchen & Laundry

✓ 22 · ✗ 0

- ✓ Are frequently used items visible and easily reached (front of pantry and refrigerator)?
- ✓ Are faucets easy to reach?
- ✓ Is hot and cold water easy to identify?
- ✓ If necessary, have anti-scald devices been installed or the hot water temperature lowered?
- ✓ If necessary, have timers been installed on the oven and cooktop?
- ✓ Are burners and control knobs clearly labeled and easy to use?
- ✓ Are the controls on the front of the stove, not the back?
- ✓ Is there a close resting place nearby for hot vessels coming out of the oven?
- ✓ Is glass cookware being used so the person can see the food being cooked?
- ✓ Is the microwave easy to read, reach and operate?
- ✓ Are towels, curtains, potholders and other objects that might catch fire located away from the range?
- ✓ Is there a step stool that is stable and in good repair?
- ✓ Is kitchen ventilation system or range exhaust functioning properly?
- ✓ Is work area lighting adequate?
- ✓ Is there a light switch at the laundry entry?
- ✓ Is laundry area lighting sufficient?
- ✓ Is the route to the laundry safe (including any/all stairs and railings)?
- ✓ Are the appliances at the right height, so it is easy to get clothes in/out of the washer and dryer?
- ✓ Are the control knobs easy to reach, read and operate?
- ✓ Are laundry supplies easy and safe to reach?
- ✓ Is the laundry floor non-slip?
- ✓ Are tripping hazards off the floor (laundry basket or dirty clothes)?

Doors / Doorways

✓ 4 · ✗ 0

- ✓ Do interior doors open easily?
- ✓ Are thresholds at interior doors less than one inch?
- ✓ Are latches and door handles in good condition and easy to use?

- ✓ If someone has trouble turning a doorknob, are there lever handles?

Bathrooms — General

✓ 8 · ✗ 0

- ✓ Is there a light switch at the entry?
- ✓ Is lighting adequate for the room, sink, and tub?
- ✓ Is there a night-light available?
- ✓ Is the threshold less than one inch?
- ✓ Is the room free of clutter and tripping hazards?
- ✓ Is the flooring non-slip/non-skid (including throw rugs), even when wet?
- ✓ Are grab bars installed where needed?
- ✓ Is the room kept warm during bathing (heat lamp, towel warmers, etc.)?

Bathroom Sinks

✓ 6 · ✗ 0

- ✓ Are faucet handles easy to reach?
- ✓ Is hot and cold water easy to identify?
- ✓ Is water temperature easy to mix?
- ✓ If necessary, have anti-scald devices been installed?
- ✓ Is the sink wheelchair accessible or can someone sit at the sink?
- ✓ Are mirrors at the correct height?

Tub / Shower

✓ 8 · ✗ 0

- ✓ Are there sturdy grab bars in the tub and/or shower, if needed?
- ✓ Is the shower curtain bottom out of the way, so it is not a tripping hazard?
- ✓ Are toiletries in the tub easily reached from sitting and standing positions?
- ✓ Is there a non-skid bathmat in the bathtub?
- ✓ Is there a hand-held shower head?
- ✓ Are tub/shower faucets easy to use and read (hot & cold clearly marked)?
- ✓ If needed, is there a tub or shower seat?
- ✓ If shower/tub doors are present, are they made of a non-shattering material?

Toilet

✓ 3 · ✗ 0

- ✓ Are there sturdy grab bars at the toilet (or toilet arms and a raised seat)?
- ✓ Is toilet paper reachable from a seated position?
- ✓ Is the toilet seat secure and in good condition?

Steps to Doors

✓ 3 · ✗ 0

- ✓ Do all steps (even single steps) have sturdy, easy-to-grasp (cylindrical) rails on both sides?
- ✓ Are stairs and multiple steps of equal height?
- ✓ Are stair treads sturdy, level, and in good condition?

Porches / Decks / Landings

✓ 8 · ✗ 0

- ✓ Have all potential tripping hazards, such as clutter and overgrown bushes, been removed?
- ✓ Is the landing wide and deep enough to safely open the door?
- ✓ Is there a clearly visible, easily reachable doorbell?
- ✓ Do porches and decks have railings or barriers to prevent someone from stepping or falling off?
- ✓ Are railings securely fastened?
- ✓ Does the decking have secure, even floorboards with no protruding nails?
- ✓ Is there a non-skid surface on the porch, deck, or landing?
- ✓ Do doormats have non-skid backing with no upturned corners?

Exterior Doors

✓ 10 · ✗ 0

- ✓ If necessary, are doorways wide enough to accommodate wheelchairs?
- ✓ Is a lock or deadbolt present inside the door?
- ✓ Are locks in good working order and easy to use?
- ✓ Are latches and handles in good condition and easy to use?
- ✓ If someone has trouble turning a doorknob, are there lever handles?
- ✓ Do the doors open and close easily without sticking?
- ✓ Do doors on springs close slowly enough (so they don't close on someone going through the door)?

✓ Is the threshold less than one inch high?

✓ Do sliding glass doors have decals at eye level?

✓ Are doors easy to open?

Entryways & Vestibules

✓ 7 · ✗ 0

✓ Have throw rugs (potential tripping hazards) been removed?

✓ Is there a clear pathway (devoid of clutter) through the entry hall?

✓ Are cords or wires kept out of the path?

✓ Are thresholds low enough (less than 1 inch) so someone does not trip over them?

✓ Is there adequate lighting?

✓ Is there a light switch at the room entrance?

✓ If necessary, is the entryway wide enough for a wheelchair/walker?

Other Outdoor Areas

✓ 4 · ✗ 0

✓ If there is a patio or deck, is it level, smoothly surfaced and free of tripping hazards?

✓ Are garbage or recycling areas well lit?

✓ Do outdoor utility areas have safe stairs and railings?

✓ Have working chimneys been professionally inspected and cleaned within the last year?

Living Room & Dining Room

✓ 15 · ✗ 0

✓ Is the lighting adequate in the room?

✓ Is there a light switch at the entrance?

✓ Is there a clear, unobstructed path through the room (no clutter, cords, wires, baskets or other things to trip over)?

✓ Are thresholds minimal and carpet binders tacked down?

✓ Are carpets in good condition (not frayed or turned up, torn, or with worn spots that someone could trip over)?

✓ Are plastic runners/carpet protectors tacked down (not folded or turned up at edges)?

✓ Do throw rugs have anti-skid backing and no upturned corners?

✓ Is tile/linoleum free of chips or tears, and not slippery?

- ✓ Are bare floors slip-resistant?
- ✓ Is there at least one comfortable chair people can get in and out of safely and easily?
- ✓ Is furniture stable?
- ✓ Do tables have rounded edges that are clearly visible (no sharp edges, not made of glass)?
- ✓ Do windows open easily?
- ✓ Are shades and blinds easy to open and securely attached?
- ✓ Are electrical cords run behind furniture and not across the floor or under the rug?

Family Room / Other Rooms

✓ 15 ✗ 0

- ✓ Is the lighting adequate in the room?
- ✓ Is there a light switch at the entrance?
- ✓ Is there a clear, unobstructed path through the room (no clutter, cords, wires, baskets or other things to trip over)?
- ✓ Are thresholds minimal and carpet binders tacked down?
- ✓ Are carpets in good condition (not frayed or turned up, torn, or with worn spots that someone could trip over)?
- ✓ Are plastic runners/carpet protectors tacked down (not folded or turned up at edges)?
- ✓ Do throw rugs have anti-skid backing and no upturned corners?
- ✓ Is tile/linoleum free of chips or tears, and not slippery?
- ✓ Are bare floors slip-resistant?
- ✓ Is there at least one comfortable chair people can get in and out of safely and easily?
- ✓ Is furniture stable?
- ✓ Do tables have rounded edges that are clearly visible (no sharp edges, not made of glass)?
- ✓ Do windows open easily?
- ✓ Are shades and blinds easy to open and securely attached?
- ✓ Are electrical cords run behind furniture and not across the floor or under the rug?

General Home Safety

✓ 19 ✗ 0

- ✓ Can an older adult contact someone in an emergency (medi-alert, names and numbers by phone, picture telephone, etc.)?
- ✓ Are smoke detectors installed and working on every level of the home, outside sleeping areas and inside bedrooms?

✓	Are carbon monoxide (CO) alarms installed and working on every level of the home, outside sleeping areas and inside bedrooms?
✓	Is there a fire extinguisher in the house?
✓	Is there a safe place outside to hide a key to the house for emergency entry?
✓	Are emergency numbers posted on or near all telephones?
✓	Are telephones positioned low enough so they can be reached if a fall occurs?
✓	Is there a kitchen fire extinguisher?
✓	Are all portable space heaters and wood burning heating equipment at least three feet from walls, furniture, curtains, rugs, newspapers or other flammable materials?
✓	Are all medications in child-resistant containers clearly marked with the medication name and dose?
✓	Is the area where medications are kept well lit?
✓	Is the water heater set below 120°F?
✓	Are containers of flammable and combustible liquids stored outside of the house?
✓	Are portable generators not operating in the basement, garage, or anywhere near the house?
✓	Is there an emergency exit plan?
✓	Are small appliances, such as hair dryers, toasters, etc. unplugged when not in use?
✓	Are electrical outlets or switches in good working order, and not unusually warm or hot to the touch?
✓	Do all electrical outlets and switches have cover plates installed so no wiring is exposed?
✓	Are all Ground-Fault Circuit Interrupter (GFCI) receptacles working properly?

Disclaimer

This report is generated using the Age Safe® Home Safety Score™ assessment platform and is intended for general informational and educational purposes only.

It does not constitute professional medical, legal, construction, or engineering advice and should not be relied upon as a substitute for consultation with qualified professionals.

The assessment and recommendations contained herein are based on the observations of the independent assessor identified in this report. Age Safe® America, Age Safe Inc., and their affiliates, officers, employees, and agents do not guarantee the accuracy, completeness, or adequacy of the information provided, nor do they assume any liability for actions taken or not taken based on this report by the recipient or any third party to whom this report is disclosed or who otherwise accesses or relies upon it.

The assessor who conducted this evaluation operates independently and is solely responsible for the accuracy of their observations and recommendations. The assessor is not authorized, expressly or impliedly, to bind Age Safe® America in any way. Age Safe® America provides the technology platform and scoring methodology but does not perform assessments, supervise assessors, or guarantee the work of any individual or organization using the Age Safe® Home Safety Score™ system. Age Safe® America is not a party to any contract between you and the assessor and will not be liable under any circumstances for services or products provided by the assessor or any other home safety professional you engage.

No warranty, express or implied, is made regarding the safety of any home evaluated. Completion of recommended modifications does not guarantee the prevention of falls, injuries, or other incidents. Home safety is influenced by many factors beyond the scope of this assessment, including individual health conditions, behavior, and changes to the home environment over time.

By receiving, reviewing, or using this report, the recipient expressly acknowledges, agrees, and covenants that Age Safe® America and Age Safe, Inc. (collectively, "Age Safe") shall not be held liable for any claims, causes of action, damages (including but not limited to direct, indirect, incidental, consequential, punitive, special, or exemplary damages), losses, costs, expenses (including attorneys' fees), injuries, or liabilities of any kind or nature whatsoever, whether in contract, tort (including negligence and strict liability), statute, equity, or otherwise, arising from, relating to, or in connection with the use of, reliance on, or inability to use this report, any recommendations contained herein, any assessor's work, or any actions taken or omitted based on this report. This limitation of liability applies even if Age Safe has been advised of the possibility of such damages and regardless of whether any remedy fails of its essential purpose. To the maximum extent permitted by law, the recipient waives any and all rights to bring claims against Age Safe related to this report.

ADDITIONAL DISCLAIMERS:

The recipient acknowledges that: (a) this report represents conditions only as of the assessment date and Age Safe has no obligation to update it; (b) Age Safe makes no representations regarding compliance with any building codes, regulations, or standards; (c) implementation of recommendations is at the recipient's sole risk and discretion; (d) the recipient should obtain independent verification of all information; and (e) this report does not create any duty of care, special relationship, or reliance interest between Age Safe and the recipient or any third party.
